Description and History

As part of the identification of General Fund Designated Program Receipts, new legislation (SB55, SLA 97) was adopted that clearly identified the kinds of program receipts that typically covered the costs of operations without affecting the fiscal gap.

APUC receipts were received from a calculated charge to consumers statewide for use of public utilities. The charge to users is determined each year at a public meeting. These receipts were reclassified as Alaska Public Utilities Commission receipts and not counted as general funds for budget purposes, per AS 37.05.146.

APUC Receipts were changed by statute to the Regulatory Commission of Alaska Receipts when the name of the Alaska Public Utilities Commission was changed in FY00.

THIS FUND CODE IS NO LONGER USED - changed to fund code 1141 beginning in FY00 and classified as designated general funds.
