**Legal Authority**  
AS 37.05.560

**Source of Revenue**  
Consists of money appropriated to it by the Legislature.

**Restrictions on Use**  
Money in the fund may be appropriated to finance the design, construction, and maintenance of public school facilities, and for maintenance of University of Alaska facilities. School districts are required to meet the match requirements that apply to use of the School Construction Grant Fund.

**Description and History**  
The Education Facilities Maintenance and Construction Fund was created in 1993 (chapter 78) and capitalized with a general fund appropriation of \$150,970,794.

This was the only time this appropriation structure has been used. There is no apparent reason to differentiate this fund from the School Construction Grant Fund (code 1080) that existed at the time code 1083 was created.

The Department of Education is the custodian of this fund.

The code was deactivated in FY05 due to lack of activity and the creation of code 1193.
