#### Description and History

The Child Care Facility Revolving Loan Fund was established in 1976 as a way of helping child care facilities comply with the appropriate licensing standards for child care facilities, or to comply with the requirements for certification by the Department of Education and Early Development.

The maximum loan amount is \$50,000, and the rate of interest is 7%. If a facility ceases operation, any loan to the facility from the fund is due on the date the facility ceases operation.

No new loans are being made and repayments of outstanding loans end up in the general fund. The fund is no longer charged for administrative costs (beginning in FY05).
