Description and History

The Senior Housing Loan Fund was created as a separate account in the Alaska Housing Finance Corporation at the time of the corporation's merger with the Alaska State Housing Authority.

The Senior Housing Revolving Loan fund was established in response to the needs of senior citizens for adequate, accessible, secure, and affordable housing in the state.

November 2010

This fund code classification was changed from "Other" to "Designated General Funds" in the 2010 Budget Clarification Project. The use of this fund is designated in statutes; however, use of these funds is at the discretion of the legislature.

Although the Senior Housing Loan program is still an active loan program in AHFC, AHFC expenses do not show in the state accounting system. This fund code has not been used since FY1992 has been deactivated.
