Description and History
The major maintenance grant fund was created in SLA 1993 as an account within the general fund for the purpose of making grants for the costs of school major maintenance. Grant awards from the fund do not require appropriation.

There is no apparent reason to differentiate this fund from the School Construction Grant Fund (code 1080) or from the Education Facilities Maintenance & Construction Fund (code 1083). Both of those funds are inactive.

March 2006

Deactivate this code. As with school construction grants (code 1080) projects are directly funded with UGF.
