Project Development:	0	0
Ongoing Operating:	0	0
One-Time Startup:	0	
Totals:	0	0

Prior Funding History / Additional Information:

Project Description/Justification:

Lower Virgo Avenue provides a western egress route to SGRRSA. The roadway is narrow, gravel, with limited ditching. Due to the steep roadway grades, narrow roadway, limited ditching, and traffic volume, this section of roadway requires more maintenance attention than other roadways within SGRRSA.

This project would allow for easier egress from SGRRSA, especially if an area wide evacuation was ever needed. Additionally, construction roadside ditches will reduce the annual maintenance cost and effort for this corridor.

This project would include widening the roadway, paving, and adding ditches throughout the corridor. ROW acquisitions, environmental permitting and other attributes were not included in the conceptual cost estimate due to lack of information at this point.

This project will be included in the 2023 SGRRSA 5-year plan update and reviewed with the community later this year.

Project Timeline:

Design in 2023.
