#### Description and History

Fund code 1265 was established in March of 2020 to track federal receipts associated with COVID relief and report on related expenditures. This fund code is used for non-specific federal COVID receipt authority. Differentiating COVID related federal receipts from regular federal receipts (fund code 1002) will facilitate a smoother removal from the budget when federal COVID funding is exhausted. Further federal economic stimulus packages were adopted by Congress, resulting in additional federal COVID codes with more specific purposes.

The following list includes all federal legislation passed in response to the COVID-19 pandemic (as of 8/2/21):

- Coronavirus Preparedness and Response Supplemental Appropriations Act, 2020 - March 2020
- Families First Coronavirus Response Act - March 2020
- Coronavirus Aid, Relief, and Economic Security Act (CARES) - Includes \$1200 stimulus checks, March 2020

- Consolidated Appropriations Act, 2021 - Includes Coronavirus Response and Relief Supplemental Appropriations Act (CRRSAA) and \$600 stimulus checks, December 2020
- American Rescue Plan Act (ARPA) of 2021 - Includes \$1400 stimulus checks, March 2021
