Sec1 Ch19 SLA2018 P9 L23 SB142 \$1,000,000

Project Description/Justification:

The Senior Citizens Housing Development Program (SCHDP) targets housing needs of both low-income and middle-income seniors and helps senior homeowners improve accessibility in their homes, ensuring safety and the ability to stay in their residence. The Alaska Department of Labor and Workforce Development (DOLWD) estimated in 2020 that the senior population (65+) in Alaska could grow from 12,000 to 22,000 by 2045 (low/high forecast scenario). In terms of total population, this represents a total senior population increase of 5-6 percent over the next 25 years.

SCHDP provides grant funds to municipalities, public or private non-profit corporations, and regional housing authorities in conjunction with other agencies for development of senior citizen housing. To date this program has funded 1,787 senior units and provided accessibility modifications to close to 746 homes.

AHFC Senior Citizens Housing Development Program**FY2025 Request:****\$3,000,000****Reference No:****AMD 6334**

Funds are used only to fund the development gap, for example, the amount necessary to make the project financially feasible or the difference between all project funding sources expected to be contributed (including loans) and the cost to develop the project. Eligible fund uses include accessibility modifications to homes owned by seniors, purchase of building sites, site preparation, materials, construction, and rehabilitation. Organizations qualified to apply include municipalities and public or private nonprofit corporations.

Projected Outcomes:

- Fund two development projects with 80 units; and
- Perform accessibility modifications on approximately 20 units.
