Prior Funding History / Additional Information:

Project Description/Justification:

The project will assess the existing drainage system in this area, make recommendation for upgrading the system, and construct identified improvements. Drainage problems plague this neighborhood in the spring and fall. The project is a priority for Street Maintenance.

The grant funding may be used for planning, design, utility work, obtaining rights-of-way and easements, permitting, construction, and any other work associated with the aforementioned scope of the project.

Project Timeline: Design is anticipated from 2024-2026 with construction expected 2027-2028.
