Restrictions on Use

Restricted to operations of the Adak airport

Description and History

A formal agreement between DOT and the Dept. of the Navy requires that these receipts (\$10 million contract receipts) and their interest earnings be segregated from other state funds and be used only for the operation and maintenance of the Adak airport. Additional contracts may follow.

July 2010

The code was not used consistently--DOT sometimes used code 1002 for this purpose--and cannot be used to determine the costs of operating and maintaining the Adak airport.
