Source of Revenue

Receipts for the health benefits program are from state contributions and state agency employee salaries.

Restrictions on Use

Fund Code Never Used.

Description and History

Supplemental Benefits Systems, Deferred Compensation, and Health Benefits funds do not differentiate between receipts from agencies (duplicated) and receipts from sources outside agencies (unduplicated).

This code was intended to be used to record transactions involving the duplicated portion of receipts, but was discarded upon discovery that the benefit systems were "off budget."
